WORK SAFER. WORK SMARTER.

2019 / 2020 MASTER CATALOG

MICROJIG®

OUR STORY. OUR MISSION.

It all started in 1998 in a small garage workshop in Orlando, FL. Founder and Inventor, Henry Wang, was hard at work on an intricate cutting board project. Faced with the challenge of cutting thin strips on a table saw, he sought to create a solution that would allow him to cut small parts safely, accurately, and repeatably. His frustration with the inefficiency of traditional woodworking methods sparked a revolutionary new concept that would become one of the most innovative woodworking tools to come out in decades.

The groundbreaking pushblock system made its debut on the trade show circuit, and was met with praise, criticism, and everything in between. Now, the GRR-RIPPER is recognized as the #1 table saw accessory in the world, selling over 400,000 units in 20 countries (and counting!). Here at home, we continue to pursue our vision of a future without table saw injuries.

THANK YOU FOR JOINING OUR MISSION.

GRR-RIPPER®

INSTANTLY SAFER ON ANY TABLESAW

See the GRR-RIPPER in action. microjig.com/grr-ripper

MADE IN THE USA

PROTECT HANDS AND PREVENT KICKBACK.

The GRR-RIPPER 3D Pushblock is engineered to give you the most accurate cuts possible while protecting your hands at all times. No other pushblock offers this level of precision, control, and safety. Make difficult cuts with ease and prevent kickback like never before.

1 PROTECT HANDS

The Moving-Blade-Guard™ shields your hands from the blade.

2 CONTROL BOTH SIDES OF STOCK

Adjustable Center Leg controls the keeper and off-cut of the workpiece.

3 EXTREME GRIP

Proprietary Green GRR-RIP non-slip material provides superior gripping power.

See the GRR-RIPPER in action.
microjig.com/grr-ripper

MADE IN THE USA

THE GRR-RIPPER PROVIDES THREE DIRECTIONS OF FORCE GIVING YOU SUPERIOR PRECISION, CONTROL AND SAFETY.

3D PUSH BLOCK

DOWNWARD Virtually eliminates kickback

INWARD Keeps stock firmly against the fence

FORWARD Controls and feeds both sides of the stock for a cleaner cut

4 BETTER, SAFER RESAWING

The Stabilizing Plate acts as a moving featherboard, keeping narrow pieces upright and parallel to the blade with two additional points of contact.

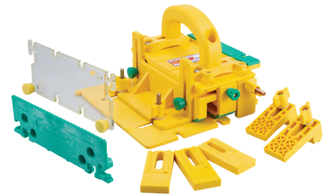
GRR-RIPPER® 3D PUSHBLOCK SYSTEMS

GRR-RIPPER 3D Pushblock

SKU:	**GR-100**
Weight:	1.8lbs
Dimensions:	8.25″ x 6.25″ x 2.5″
Main Parts:	• Main body • 1/2″ Leg • 1/4″ Leg • Center Leg • Handle • Balance Support • Hardware

GRR-RIPPER Advanced

SKU:	**GR-200**
Weight:	2.3lbs
Dimensions:	9.0″ x 6.625″ x 3.0″
Main Parts:	• Main body • 1/2″ Leg • 1/4″ Leg • Center Leg • Handle • Balance Support • Hardware
Accessories Included	• Stabilizing Plate • Adjustable Spacer

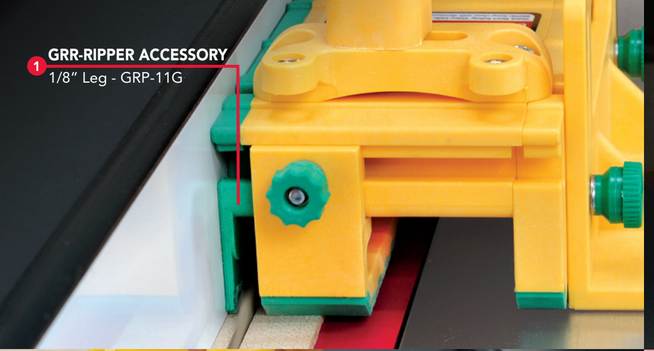


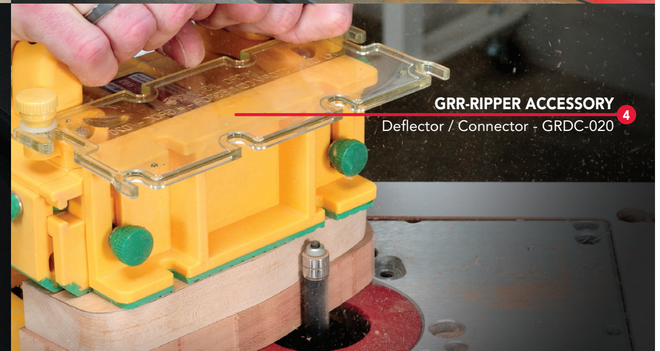
GRR-RIPPER Complete

SKU:	**GR-281**
Weight:	3.9lbs
Dimensions:	9.0″ x 8.5″ x 7.0″
Main Parts:	• Same as GR-200
Accessories Included	• Stabilizing Plate • Adjustable Spacer • Deflector Connector • Handle Bridge Kit • Gravity Heel Kit • 1/8″ Leg

GRR-RIPPER Complete Double Pack

SKU:	**GR-562**
Weight:	7.14lbs
Dimensions:	9.0″ x 8.5″ x 7.0″
Main Parts:	• Same as GR-200
Accessories Included	• Stabilizing Plate • Adjustable Spacer • Deflector Connector • Handle Bridge Kit • Gravity Heel Kit • 1/8″ Leg

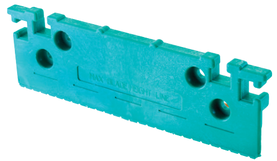




GRR-RIPPER® 3D PUSHBLOCK ACCESSORIES

1 1/8" Leg

Rip 1/8" thin strips safely, accurately and consistently on a table saw with the GRR-RIPPER 1/8" Leg. Features MICROJIG's proprietary Green GRR-RIP non-slip material.



GRR-RIPPER 1/8" Leg

SKU:	**GRP-11G**
Weight:	2.3oz
Dimensions:	5.0" x 11.25" x 0.75"
Main Parts:	• 1/8" Leg • Mounting Hardware

2 Gravity Heel Kit

Hooks the tail-end of your workpiece and automatically retracts mid-board. Provides extra leverage to help push through the cut and prevent blow out.

GRR-RIPPER Gravity Heel Kit

SKU:	**GRGH-040**
Weight:	6.4oz
Dimensions:	5.5" x 7.63" x 1.75"
Main Parts:	• (5) Gravity Heels • Mounting Hardware

3 Handle Bridge Kit

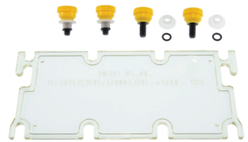
Unique arch design gives the handle four points of contact, evenly distributing downward pressure. Angle the handle for more ergonomic comfort. Bonus Trailing Hook included.

GRR-RIPPER Handle Bridge Kit

SKU:	**GRHB-010**
Weight:	4.0oz
Dimensions:	6.0" x 9.5" x 1.0"
Main Parts:	• (2) Handle Bridge plates • Trailing Hook • Mounting Hardware

4 Deflector / Connector

Acts as a chip deflector preventing material from flying towards you while freehand routing. Bridge two GRR-RIPPERs to tackle longer or wider stock. Quickly connects to the Handle Bridge Kit for fast, easy and safe use.



GRR-RIPPER Deflector / Connector

SKU:	**GRDC-020**
Weight:	3.0oz
Dimensions:	6.0" x 11.25" x 1.0"
Main Parts:	• Deflector / Connector • Mounting Hardware

Hardware & Parts: All GRR-RIPPER hardware and parts can be purchased individually. Visit MICROJIG.com to order.

MICRODIAL™

INCREDIBLY SMART TAPERS

See the MICRODIAL in action. microjig.com/microdial

MADE IN THE USA

THE MOST PRECISE, AND ADJUSTABLE TAPERING JIG ON THE BLOCK.

- Easily set angles by rise over run or degree with the ColorMatch dials.
- Precision tapered cutting as accurate as 1/8th of a degree.
- Works with the GRR-RIPPER for ultimate safety and control.
- Switch between two tapers quickly and easily with the built-in MemoryLocks.
- Create 2-, 4-, 6- or 8-sided tapered legs.
- Use on the router table to create custom tapered profiles for exquisite detail on your project legs.

See the MICRODIAL in action.
microjig.com/microdial

MADE IN THE USA

SET REPEATABLE TAPER CUTS
Switch between two tapers on a single workpiece. MemoryLocks maintain two independent stops, making repeatable cuts quick and easy.

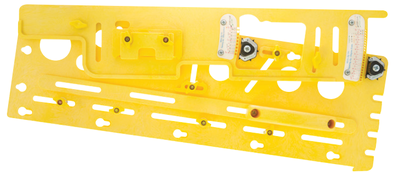
DIAL IN THE PERFECT TAPER
Use the rise and run ColorMatch dial to set your taper between 0" to 2" with 1/16" intervals.

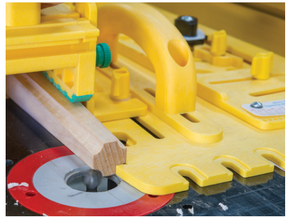
Use the degree scale ColorMatch dial to set exact angles as low as 1/8th of 1° and expands from 0° to 10°.

MICRODIAL™ TAPERING JIG

MICRODIAL Tapering Jig

SKU:	**TJ-5000**
Weight:	3lbs 4oz
Dimensions:	26" x 9.0" x 2.0"
Angle Range:	0-10° in 1/8° increments
Main Parts:	• Tapering jig

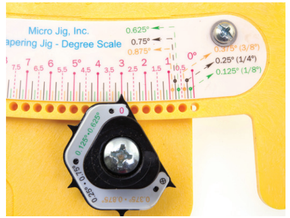




Use it on the router table to add custom tapered profiles to your project legs.

The MemoryLocks allow you to quickly set, lock and switch between angles, saving you the time it takes to build a one-off, single use jig.

Use the Rise Over Run ColorMatch dial to set your taper between 0" to 2" with 1/16" intervals. We provide a simple step-by-step taper formula so you can eliminate the guesswork.



Use the Degree Scale ColorMatch dial to set exact angles as low as 1/8th of degree, and expands from 0 to 10 degrees with the simple turn of the dial. Measurement markings are color-coded and lock in place, so you get the exact angle you want, quickly.

Hardware & Parts: All MICRODIAL hardware and parts can be purchased individually. Visit MICROJIG.com to order.

MATCHFIT™

CLAMP LIKE NEVER BEFORE

See the MATCHFIT products in action. microjig.com/matchfit

CLAMPING FREEDOM THAT GOES BEYOND THE EDGE.

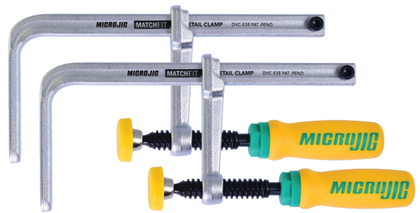
Clamp virtually anywhere with the only clamping system that that allows you to create your own tracks with just a router bit. MATCHFIT Dovetail Clamps are engineered to slide easily into dovetail tracks made by any standard 1/2" diameter, 14° dovetail router bit. Endless jigs and fixtures to make your projects effortlessly. Work smarter.

See the MATCHFIT Dovetail Clamps in action. microjig.com/clamps

MATCHFIT® DOVETAIL CLAMPS

MATCHFIT Dovetail Clamps

SKU:	**DVC-538K2**
Weight:	1.6lbs
Dimensions:	7.75" x 11.5" x 1"
Requirements:	Any standard 14°-1/2" Dovetail Router Bit
Main Parts:	• (2) Dovetail Clamps



No longer limited by the edge. The MATCHFIT Dovetail Clamp allows for unlimited fence heights. Mount directly to the table saw fence.

For flat glue-ups, route dovetail tracks into a table top to get even clamping pressure.

With a few dovetail tracks you can build straight edge or taper jigs.

MATCHFIT Dovetail Clamps have a dovetail profile and are compatible with any standard 14-Degree Dovetail Router Bit.

CLAMP WITHOUT LIMITS.

The MATCHFIT Dovetail Clamp Pro comes with everything you need to create your own track system and take your woodworking to the next level and make every inch of your shop more functional.

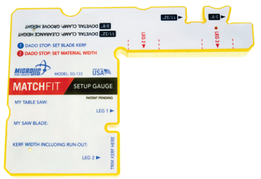
With any standard 1/2" 14-degree dovetail router bit, you can create your own tracks, eliminating the need for expensive aluminum tracks.

See the MATCHFIT Dovetail Clamp Pro in action. microjig.com/dovetailpro

MATCHFIT® DOVETAIL CLAMP PRO

MATCHFIT Dovetail Clamp Pro

SKU:	**DVC-1177K2**
Weight:	2.2lbs
Dimensions:	7.25" x 11" x 2.25"
Requirements:	Any standard 14°-1/2" Dovetail Router Bit
Main Parts:	• (2) Dovetail Clamps • Dovetail Router Bit • Dovetail Hardware Variety (6-Pack) • Setup Gauge



With the included, specially designed 1/2" 14-degree dovetail router bit, you can route your own tracks for jigs and fixtures, eliminating the need for expensive aluminum tracks.

MATCHFIT Dovetail Clamps are a perfect space-saving solution. Just route dovetail tracks in your existing work surface, tool chest, or even sawhorses.

Route dovetail tracks into a table top to get even clamping pressure.

With a few dovetail grooves you can build straight edge or taper jigs.

SKU:	**DV-HK456X4**
Weight:	0.20lbs
Dimensions:	5.1" x 7.3" x 1.6"
Thread:	#10-32
Requirements:	Any standard 14°-1/2" Dovetail Router Bit
Main Parts:	• (2) 1" Track Screws • (2) 1-1/2" Track Screws • (2) Track Nuts with screws and washers • (2) Round Knobs • (2) Wing Knobs • (2) Shoulder Washers

MATCHFIT 1" Dovetail Track Screw

SKU:	**DV-HK464X4**
Weight:	0.20lbs
Dimensions:	5.1" x 7.3" x 1.6"
Thread:	#10-32
Requirements:	Any standard 14°-1/2" Dovetail Router Bit
Main Parts:	• (4) 1" Track Screws • (4) Round Knobs • (4) Shoulder Washers

MATCHFIT 1.5" Track Screw

SKU:	**DV-HK552X4**
Weight:	0.20lbs
Dimensions:	5.1" x 7.3" x 1.6"
Thread:	#10-32
Requirements:	Any standard 14°-1/2" Dovetail Router Bit
Main Parts:	• (4) 1.5" Track Screws • (4) Wing Knobs

MATCHFIT Dovetail Track Nut

SKU:	**DV-HK630X4**
Weight:	0.20lbs
Dimensions:	5.1" x 7.3" x 1.6"
Thread:	#10-32
Requirements:	Any standard 14°-1/2" Dovetail Router Bit
Main Parts:	• (4) Track Nuts • (4) 1" Panhead Screws • (4) #10 Steel Washers

MAKE FLAWLESS DADOS FOR LAP JOINTS AND INLAYS WITHOUT A DADO BLADE.

The Dado Stop references the blade's unique kerf and the actual inlay material to measure the cut. Setting up your dado cut takes just a few seconds and eliminates the need for measuring, test cuts, and wrestling with multiple blades and shims. Best of all—there's no dado blade required.

See the MATCHFIT Dado Stop in action.
microjig.com/dadostoppro

MADE IN THE USA

MATCHFIT® DADO STOP PRO

The possibilities are limited only by your imagination. Perfectly-fitted dados, joinery, and inlays without measuring, marking, or test cuts. No stack dado set needed.

MATCHFIT Dado Stop Pro

SKU:	**MF-1004**
Weight:	1.3lbs
Dimensions:	8" x 4.5" x 2.8"
Requirements:	Dovetail Clamps
Main Parts:	• Dado Stop • Dovetail Clamp • Setup Gauge

MAKE FLAWLESS DADOS FOR LAP JOINTS AND INLAYS WITHOUT A DADO BLADE.

The Dado Stop references the blade's unique kerf and the actual inlay material to measure the cut. Setting up your dado cut takes just a few seconds and eliminates the need for measuring, test cuts, and wrestling with multiple blades and shims. Best of all—there's no dado blade required.

microjig.com/dadostop

MADE IN THE USA

MATCHFIT® DADO STOP

Set the legs of the Dado Stop to cut dados with any standard blade.

Gauge the exact width of your cross-dado for a perfect fit.

Maximum dado width: 1-5/8" with a 13/16" stacked dado .

Make air-tight box joints, surgically-precise inlays, and versatile dado cuts for your next projects.

MATCHFIT Dado Stop

SKU:	**DS-333**
Weight:	0.4lbs
Dimensions:	5.5" x 6.5" x 3.25"
Requirements:	Dovetail Clamps
Main Parts:	• Dado Stop

FAST SETUP, PINPOINT ACCURACY.

Whether you're making dados with the Dado Stop or routing tracks for the Dovetail Clamps, the MATCHFIT Setup Gauge will make your work smarter, faster, and easier.

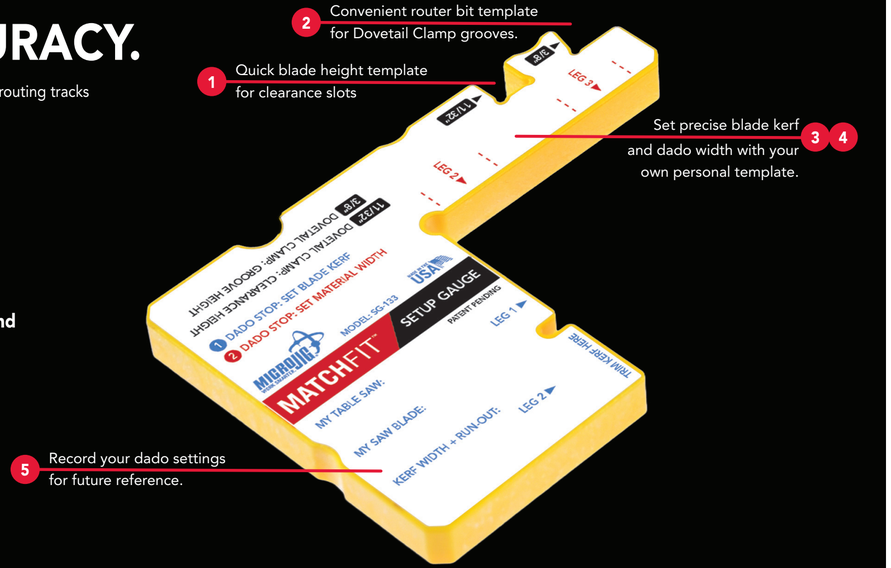
Create perfect-fitting dados fast when using the MATCHFIT Dado Stop.

Lock in exact saw thickness for fast, repeatable setups.

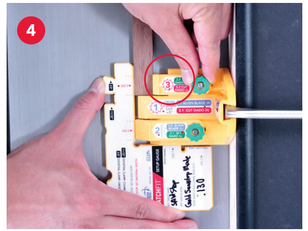
Set the perfect height for clearance slots and dovetail grooves when creating tracks for MATCHFIT Dovetail Clamps.

See the MATCHFIT Setup Gauge in action.
microjig.com/setupgauge

MADE IN THE USA

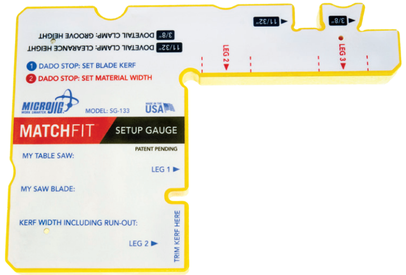


MATCHFIT® SETUP GAUGE



MATCHFIT Setup Gauge

SKU:	**SG-133**
Weight:	0.3lbs
Dimensions:	6.5" x 6.75" x 0.5"
Requirements:	Table Saw
Main Parts:	• Setup Gauge

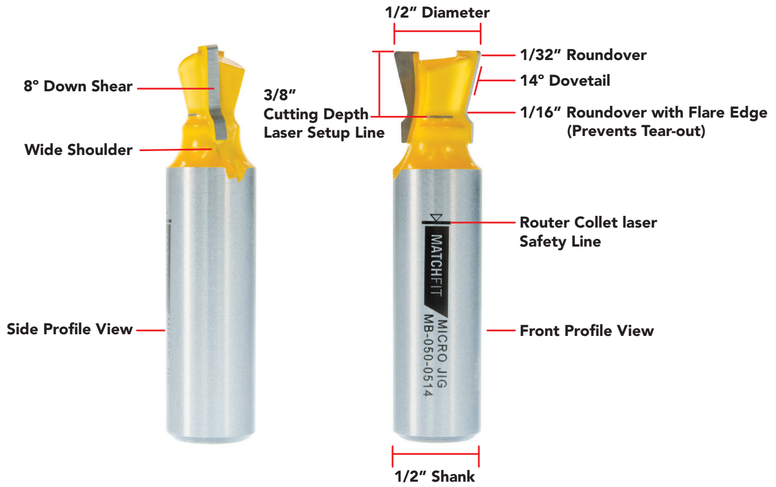


ROUTE SILKY SMOOTH DOVETAIL TRACKS IN A SINGLE PASS.

Specially designed to route tracks for MATCHFIT Dovetail Clamps and Dovetail Hardware. The Dovetail Bit's built-in roundovers cut clean dovetail grooves in a single pass. Less time sanding, more time building.

See the MATCHFIT Dovetail Router bit in action.
microjig.com/dovetailbit

MATCHFIT® DOVETAIL ROUTER BIT



MATCHFIT Dovetail Router Bit (14°-1/2")

SKU:	**MB-050-0514**
Weight:	0.7lbs
Dimensions:	1.5" x 2.75" x 1.5"
Requirements:	Router
Main Parts:	• Router Bit (14° - 1/2")

MATCHFIT Dovetail Router Bit 8MM

SKU:	**MB-8MM-0514**
Weight:	0.7lbs
Dimensions:	1.5" x 2.75" x 1.5"
Requirements:	Router
Main Parts:	• Router Bit (8MM Shank)

MATCHFIT Dovetail Router Bit 12MM

SKU:	**MB-12MM-0514**
Weight:	0.7lbs
Dimensions:	1.5" x 2.75" x 1.5"
Requirements:	Router
Main Parts:	• Router Bit (12MM Shank)

PERFECT WITH THE DOVETAIL ROUTER BIT.

Specially designed to route 1/4" relief grooves in material prior to the MATCHFIT Dovetail Router Bit. The relief bit removes 55% of waste material, which reduces stress on your Dovetail Router Bit. This improves the quality of dovetail grooves and increases the overall lifespan of your MATCHFIT Dovetail Router Bit.

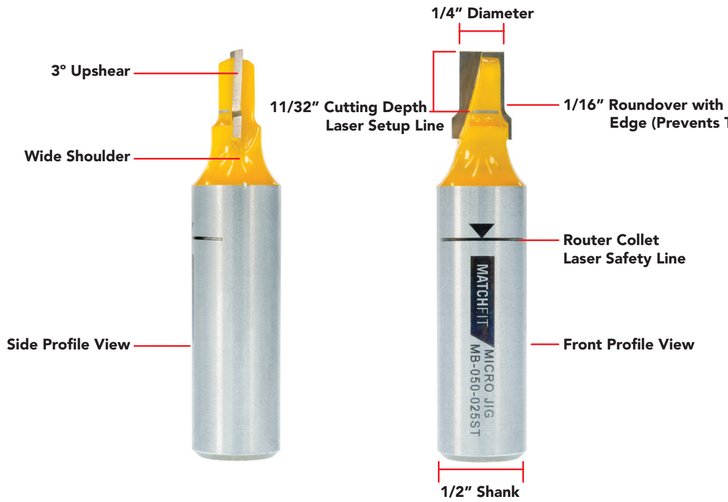
microjig.com/dovetailreliefbit

MATCHFIT® DOVETAIL 1/4" RELIEF ROUTER BIT



MATCHFIT Dovetail 1/4" Router Bit

SKU:	**MB-050-025ST**
Weight:	0.3lbs
Dimensions:	1.5" x 2.75" x 1.5"
Requirements:	Router
Main Parts:	• 1/4" Router Bit

GRR-RIP BLOCK™

SMART HOOK TECHNOLOGY

See the GRR-RIP BLOCK in action. microjig.com/grr-ripblock

MADE IN THE USA

THE SMART CHOICE FOR SAFETY.

Harness the ultimate gripping power of the only pushblock with Smart Hooks that knows where to grab your workpiece. GRR-RIP BLOCK's Smart Hooks drop down into position when you need them, and retract when you don't.

See the GRR-RIP BLOCK in action.
microjig.com/grr-ripblock

Powerful grip

Proprietary non-slip material gives you unbelievable gripping power and command over your workpiece.

Gravity powered Smart Hooks

Smart Hooks automatically drop down when you need them, grabbing the tail end of the workpiece and instantly retracting mid-board. There when you need them, out of the way when you don't.

MADE IN THE USA

GRR-RIP BLOCK™ SMART PUSHBLOCK

Use the 90-degree Flip Guide for veneers and resawing on the bandsaw, or for beaded face frames and other special profiles against the router table fence. No matter which way you flip it, smart hooks still fall into place.

Wield improved control over your workpiece for freehand routing while keeping your hands clear and safe. *(GRR-RIP BLOCK shown here with the optional MJ Deflector/Connector accessory.)*

GRR-RIP Smart Pushblock

SKU:	**GB-1**
Weight:	0.14oz
Dimensions:	7.0" x 12.5" x 3.5"
Requirements:	Table Saw/Band Saw/Router
Main Parts:	• GRR-RIP BLOCK

ZEROPLAY®

PRECISION MITER BARS

See the ZEROPLAY miter bars in action. microjig.com/zeroplay

MADE IN THE USA

BUILD TABLE SAW SLEDS FAST

Create perfectly square crosscut jigs fast. The ZEROPLAY Miter Bar System takes miter bars and table saw sleds to the next level of precision. By using the One-Touch Calibration you instantly fill the full width of the miter slot for no side-to-side play.

ZEROPLAY Miter Bars and Stops will fit ANY standard (3/4" x 3/8") T-Track miter slot that measures between 0.73" and 0.79" wide, and at least 5/16" deep.

Compatible miter tracks include but not exclusive to:
SawStop, Bosch 4100, Delta Unisaw, Powermatic
Rigid, Dewalt, and General 350 Tracks.

(Not compatible with table saws with 'Tabs' cast into the top of the miter slot or 5/8" miter slots i.e. Ryobi or Craftsman)

See the ZEROPLAY in action. microjig.com/zeroplay

MADE IN THE USA

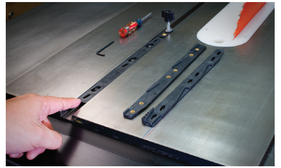
One-Touch Calibration

Precision fit. No side-to-side play.

ZEROPLAY® MITER BARS / MITER STOPS

ZEROPLAY Miter Bar (Single)

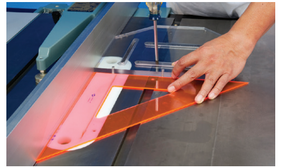
SKU:	**ZP9-B1**
Weight:	3.25oz
Dimensions:	12.0" x 6.5" x 0.5"
Requirements:	Table Saw
Main Parts:	• (1) Miter Bar • Mounting Hardware



ZEROPLAY Miter Bars adjust with a single touch, using opposing wedges to expand in the slot for a perfect fit.

ZEROPLAY Miter Bar (Double Pack)

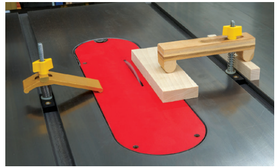
SKU:	**ZP9-B2S2**
Weight:	5.3oz
Dimensions:	12.0" x 8.125" x 0.5"
Requirements:	Table Saw
Main Parts:	• (2) Miter Bar • (2) Miter Stops



ZEROPLAY Miter Bar secures from the top, allowing you to square it to the blade without taking it off the table.

ZEROPLAY Miter Bar Stop

SKU:	**ZP9-S1**
Weight:	0.9oz
Dimensions:	5.38" x 6.0" x 1.0"
Requirements:	Table Saw
Main Parts:	• Miter Stop



Reliable and precise hold-down anchors for table saw tops and miter tracks.

THE LAST TABLE SAW SLED YOU'LL EVER NEED.

The ZEROPLAY 360 Sled Kit combines the ease and accuracy of ZEROPLAY Miter Bars with the versatility of the all-new MATCHFIT Dovetail Hardware. Everything you need to build the most versatile sled in your shop, fast. It's a match(fit) made in heaven!

ZEROPLAY Miter Bars will fit ANY standard (3/4" x 3/8") T-Track miter slot that measures between 0.73" and 0.79" wide and at least 5/16" deep.

MATCHFIT Dovetail Hardware fits track routed with any standard ½" 14-degree dovetail router bit.

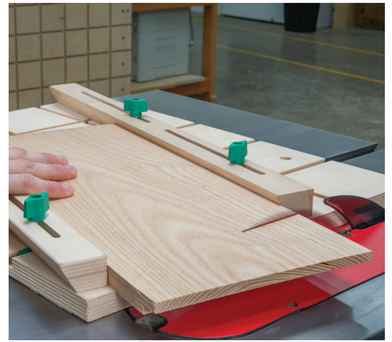
(Not compatible with table saws with 'Tabs' cast into the top of the miter slot or 5/8" miter slots i.e. Ryobi or Craftsman)

See the ZEROPLAY 360 Sled Kit in action.
microjig.com/zeroplay360

MADE IN THE USA

ZEROPLAY® 360 SLED KIT

The unique grid layout of dovetail tracks allows the fence 360 degrees of rotation.



No matter the angle of your cut the Miter Bars keep the sled moving parallel to the blade at all times.

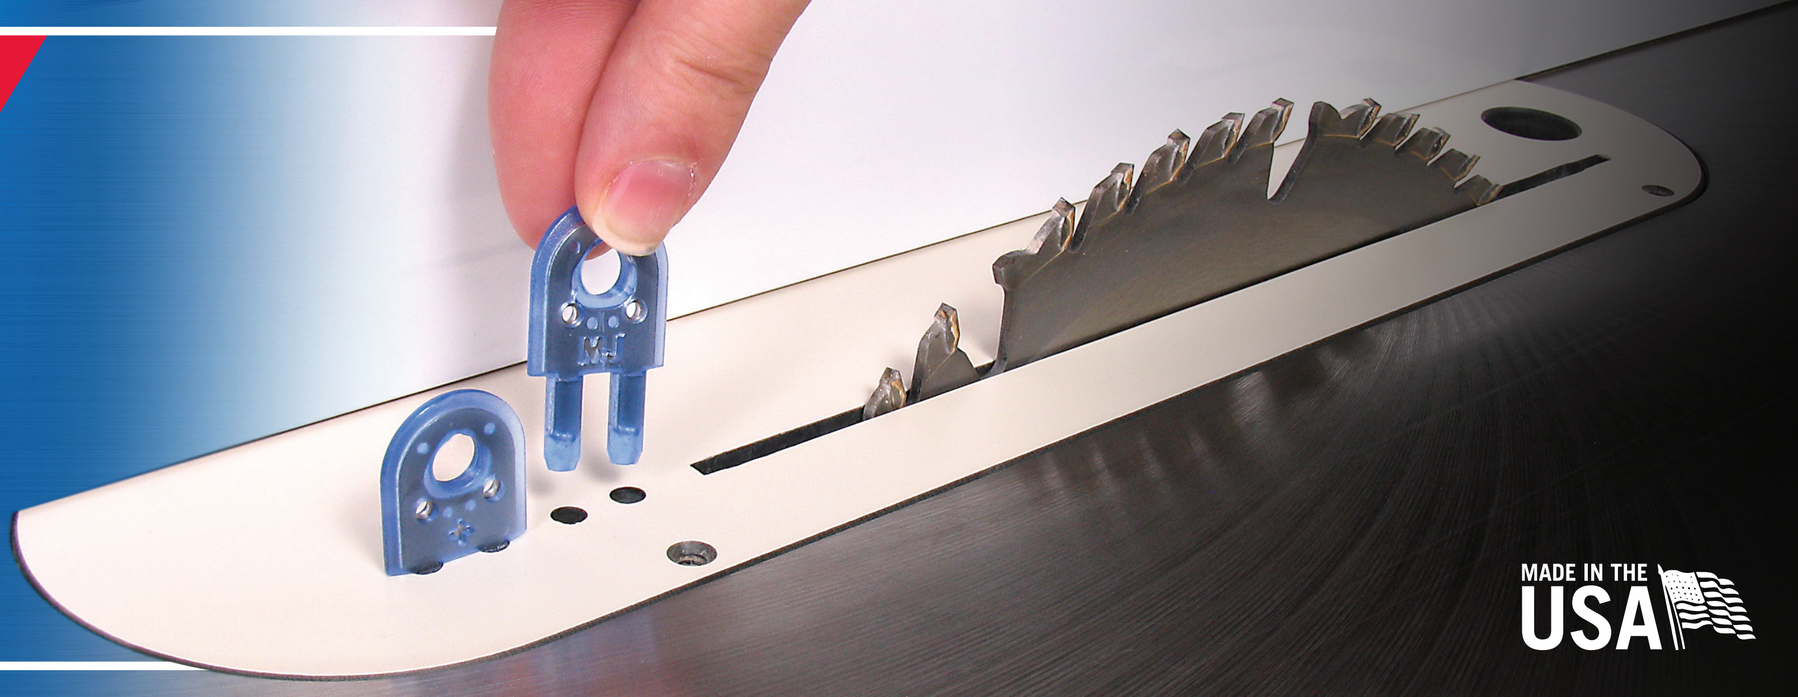
ZEROPLAY 360 Sled Kit

SKU:	**DV-360ZPB1**
Weight:	3.25oz
Dimensions:	12.0" x 6.5" x 0.5"
Requirements:	Table Saw
Main Parts:	• (1) Miter Bar • (4) 1.5" Dovetail Track Screws

MJ SPLITTER™

ULTIMATE STABILITY

See the MJ SPLITTERS in action. microjig.com/splitters



MADE IN THE USA

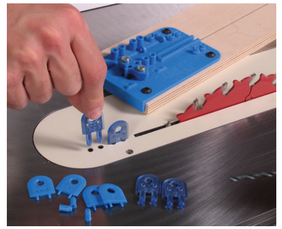
PREVENT KICKBACK.

Tough to the core, the MJ SPLITTER SteelPro has an ABS polymer shell reinforced with a solid stainless steel core. Able to take on the stress caused by many solid woods, the SteelPro will greatly reduce the chance of kickback on your table saw and virtually eliminate burning.

See MJ STEEL PRO SPLITTERs in action.
microjig.com/steelprosplitter

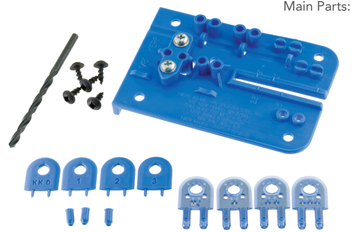
MADE IN THE USA

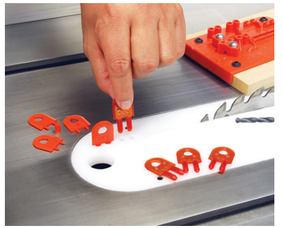
MJ SPLITTER™ STEEL PRO SPLITTERS



MJ SPLITTER Steel Pro 1/8" Full Kerf

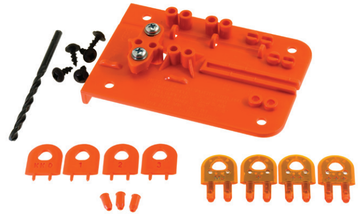
SKU:	**SP-2**
Weight:	0.45lbs
Dimensions:	7.5" x 9.0" x 1.0"
Kerf Range:	0.118 - 0.145"
Requirements:	Table Saw Zero-clearance insert with at least 2" behind blade at highest point
Offsets:	Reversible for offsets of 0.000", 0.003", 0.006", and 0.009"
Main Parts:	• (2) 1/8" Splitters • (4) Kerf Keepers • Drill Guide • 7/64" Drill Bit • Screws





MJ SPLITTER Steel Pro Thin Kerf

SKU:	**SP-2TK**
Weight:	0.45lbs
Dimensions:	7.5" x 9.0" x 1.0"
Kerf Range:	0.090 - 0.118"
Requirements:	Table Saw Zero-clearance insert with at least 2" behind blade at highest point
Offsets:	Reversible for offsets of 0.000", 0.003", 0.006", and 0.009"
Main Parts:	• (2) Thin Kerf Splitters • (4) Kerf Keepers • Drill Guide • 5/32" Drill Bit • Screws



PREVENT KICKBACK.

The MJ SPLITTER easily installs on your table saw's zero clearance insert replacing the riving knife. It keeps your workpiece tight to the fence to prevent burning and keep the kerf from pinching the blade, virtually eliminating kickback.

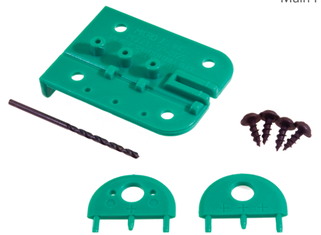
See MJ SPLITTERs in action.
microjig.com/splitter

MADE IN THE USA

MJ SPLITTER™ FULL / THIN KERF SPLITTERS

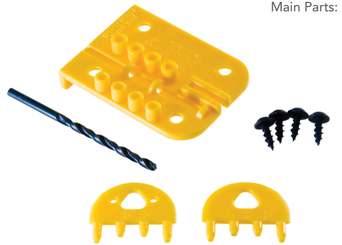
MJ SPLITTER 1/8" Full Kerf Splitters

SKU:	**SP-0125**
Weight:	0.25lbs
Dimensions:	6.0" x 8.0" x 1.0"
Kerf Range:	0.118 - 0.145"
Requirements:	Table Saw Zero-clearance insert with at least 2" behind blade at highest point
Offsets:	Reversible for offsets of 0.000", 0.003", 0.006", and 0.009"
Main Parts:	• (2) 1/8" Splitters • Drill Guide • 7/64" Drill Bit



MJ SPLITTER Thin Kerf Splitter

SKU:	**SP-0100TK**
Weight:	0.25lbs
Dimensions:	6.0" x 8.0" x 1.0"
Kerf Range:	0.090 - 0.118"
Requirements:	Table Saw Zero-clearance insert with at least 2" behind blade at highest point
Offsets:	Reversible for offsets of 0.000", 0.003", 0.006", and 0.009"
Main Parts:	• (2) Thin Kerf Splitters • Drill Guide • 5/32" Drill Bit



BLADEMATCH™

ARBOR SHIMS

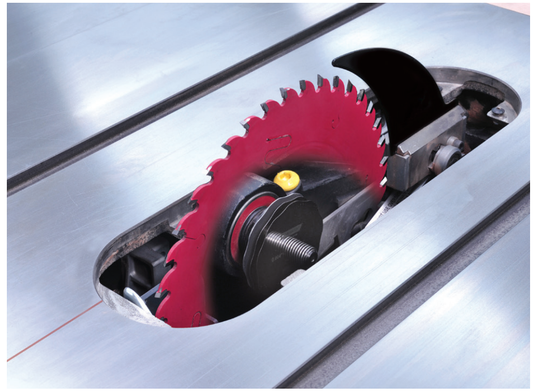
See the BLADEMATCH Arbor Shims in action. microjig.com/arborshims

ACHIEVE PERFECT ALIGNMENT WITH EVERY BLADE IN YOUR SHOP.

Changing saw blades effectively changes the distance from the blade to the fence, making the fence scale inaccurate, and your riving knife dangerously misaligned. BLADEMATCH Arbor Shims offset variation in blade thickness, aligning every blade to the same cut line.

See BLADEMATCH arbor shims in action. microjig.com/arborshims

BLADEMATCH™ ARBOR SHIMS



Add multiple Arbor Shims and watch your thin kerf blade magically align to the same cut line as a full kerf blade.

BLADEMATCH Arbor Shims (6 Pack)

SKU: **AS-6**

Weight: 0.1lbs

Dimensions: 3.0" x 3.0" x 0.1"

Calibration Range: 0.003 - 0.045" in 0.001" increments.

Requirements: Table Saw

Main Parts:

- 0.003"- 0.004" Shim
- 0.005"- 0.006" Shim
- 0.007"- 0.008" Shim
- 0.010"- 0.020" Shim
